Note

The existing forms & Statements for the Administration Report of the Medical Deptt were first ordained & adopted in Feby 1904 in accordance with Govt. No. G 4109-20 Dy 16.2.04 and it was in the Report for 1906 that the revised forms were first adopted. Vide Govt. Dy 28.5.07. It will be kindly seen therefrom that the Sts are said to be in the form "as revised by the Govt of India" & adopted by this Govt with certain changes to suit local requirements. The Govt of India do not appear to have changed the Sts since.

G

As regards the Skeleton of the proposed Annual Report with the necessary Statistical Sts now sent up by the S.S. the 'Contents' details seem to be all right & may perhaps be adopted. The Mental Hospitals Report has used to come up separately like now from part of the Genl Report. As regards Statements there are at present 11 Sts including one Nil Statement which could be omitted forming Appendices to the Genl Report and eleven Statements attached to the Mental Hospitals Report. These are proposed to be replaced by 15 tables out of which one Table II is devoted to

2/ Proposed Review of the statistical tables furnished in the Annual Admn. Report of the Medical Dept.

med File No. 221 of 1935. General and Revenue Secretariat

The Mental Hospital exclusively and Statistics re Mental Hospital are proposed to be incorporated in the other tables

Tables 1 to 4 will be substituted for the present Sts B_1, B_2, B_3, B_4 & 7. As it is proposed to give monthly statistics in the present tables the Volume of the present tables will necessarily be very large.

Table 5 takes the place of present St C_1 while in the St C_1, ~~of Dispensaries~~, figures are given under three classes of dispensaries viz I, II & IV for each individual dispensary. This will make the Volume at least 12 times bigger.

The same remarks apply to Table 6 which takes the place of present St C_2.

Tables 7 & 8 as also 15 pertaining to Parturition Cases & Midwives are new and it is proposed to furnish elaborate statistics. At present this statistics is being furnished by means of a Statement in the body of the Report.

Table 9 is a new one also

Table 10 is in place of St 9 and is little more ~~is~~ elaborate than before.

CLASSES I AND II—These include all institutions maintained by Provincial Funds and under Government management. The fact that an institution possesses endowments or receives contributions from Local Funds or private subscriptions should not be regarded as a reason for not classing it as 'State,' so long as Provincial and Imperial Funds are practically responsible for all the charges connected with it. Class I—'Public' are State dispensaries which are open to the poorer classes of the public. Class II are State dispensaries which serve only a special section of the public as indicated in the sub-classification attached.

CLASS III—Local Fund Dispensaries include all institutions which are vested in Local Boards or Municipalities or guaranteed or maintained by local or Municipal Funds. The fact that such an institution is aided by private subscriptions, or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine, or otherwise, should not be regarded as a reason for not classing it as a Local Fund Dispensary so long as its existence is practically dependent upon Local Funds.

CLASS IV—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or Local Funds.

CLASS V—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers should not be regarded as a reason for not treating it as a private non-aided dispensary.

CLASS VI—Comprises all railway dispensaries whether maintained by State railways or others

NOTES.

1. Transfers of dispensaries from one class to another should be noted in the column of "Remarks."
2. Hospitals of the Dufferin Fund should be shown as private-aided or non-aided, as the case may be.
3. Dispensaries of a purely itinerant character should in no case be included in the statement.
